Spring Into Action For Children

Mark Rosenberg Design Build Inc., Toronto's leading custom home builder, opened his home for a fun filled evening to raise funds for children with learning disabilities. The evening benefited the Langbord Family Foundation who offers bursaries to students diagnosed with learning disabilities. Chef Oren James and Risa Worth, of Aubergine, prepared a tantalizing menu and cooking demonstration chock full of fresh ideas for summer entertaining. This event was just one of their many events coming up over the next few months to raise awareness and much needed funds to support education programs for children with learning disabilities. Merle Langbord Levine believes that anyone can learn, given the chance. After more than 50 years of teaching, the founder of Merle Levine Academy is taking her passion for education to the next level through the foundation. For more information visit the website www.langbordfamilyfoundation.com
